

9th EuChemS European Chemistry Congress to be held in Dublin, Ireland, in 2022

<http://www.euchems.eu>

At the recent meeting of its Executive Council, The European Chemical Society (EuChemS) awarded the 9th EuChemS European Chemistry Congress to Dublin. This prestigious congress is held every two years and brings together the leading researchers and industry partners in all chemistry disciplines from across Europe and the wider international arena.

The organisers expect up to 3,000 delegates from around the globe to attend the event in The Convention Centre Dublin, in 2022. The five-day programme will consist of plenary and parallel lectures, poster sessions, symposia, networking events, and an industrial exhibition, and will also be part of a wider programme of events in 2022 celebrating the centenary of the Institute of Chemistry of Ireland. The 2020 congress will be held in Lisbon.
